

LEGENDS CARING FOR LEGENDS

Our Living Legends of Absolut Care of Westfield, located in Westfield NY, is setting the standard in skilled nursing care and we are seeking elite candidates to join our nursing team.

Do you think YOU have what it takes to be a Legend?

Jean Gustafson, RN Educator, and Infection Control Specialist, is leading the way at Absolut Care of Westfield. Jean has been a vital part of our organization for the past two years and has rebuilt and reestablished our facility's nurse-aide training program that was nearly non-existent during the COVID-19 pandemic.

Jean graduated from nursing school in 1980 earning her BSN. Jean has held a variety of nursing positions including Director of Nursing, Executive Director for two skilled nursing facilities, Charge Nurse on a med/surg teaching unit, Employee Health Nurse, and Infection Preventionist. She accepted the position as a program instructor at the Cassadaga Job Corp Center for 6 years where she fine-tuned her teaching skills and brought that experience to Absolut Care of Westfield. Here, Jean guides our nursing students to become legendary employees.

With Jean's experience and background, we are leading the industry by training top-notch caregivers. Jean states that she loves teaching and watching her students thrive to better their lives and give them opportunities of growth within the industry. Outside of nursing, Jean loves to homestead.

“

Here's what some of her students have to say:

I passed my CNA certification with Jean in January 2024. It was a great experience! She is so kind-hearted and very understanding. Although the class time is short, I learned so many new things and I will forever be grateful for Jean.

- LaNina, CNA

During my class, I was able to learn so much about not only being a CNA but about genuinely caring about the residents. Jean is an amazing teacher and made the class beyond enjoyable. I thank Jean for helping me begin my career path!

- Samantha, CNA

”

WE PAY, YOU LEARN!

Join Our NYS CNA Training Program!
